

## ISC's Subsidiary ERS Certified a Best Workplace in Tech™ in Ireland

May 28, 2024

REGINA, Saskatchewan , May 28, 2024 (GLOBE NEWSWIRE) -- Information Services Corporation (TSX:ISV) ("ISC" or the "Company") is proud to announce that its wholly owned subsidiary, [Enterprise Registry Solutions Ltd.](#) ("ERS"), has been recognized as one of the [Best Workplaces in Tech™](#) for 2024 by [Great Place to Work Ireland](#), which recognizes the innovative, flexible and forward-thinking practices and cultures developed by organizations within Ireland's dynamic tech industry.

"Investment in our growth is only possible when we also invest in our people," says ISC President and CEO, Shawn Peters. "ISC's accomplishments as an enterprise is fundamentally driven by our people. I am fortunate to be part of such an exceptional organization, and am proud of our subsidiary, ERS, for their well-deserved recognition as an excellent employer to match their reputation as a market leader in registry technology around the world."

This award comes off the heels of ISC's [announcement in March as a 2024 Saskatchewan Top Employer](#) for the 16th consecutive year, furthering the enterprise's reputation as a global market leader that continues to invest in its people and culture at home, and around the world.

The Great Place to Work™ Certification is a measurement of an organization's Trust Index score. A confidential Trust Index survey is carried out within organizations, broken down into three overarching themes: Achieving Objectives, Personal Best and Team. With a certification threshold of 65 per cent or higher, ERS's overall achievement of 86 per cent pushed ERS above and beyond the Great Place to Work™ Certification into the Best Workplaces in Technology category, alongside companies like Cisco, WP Engine Ireland Ltd., Sun Life, Sales Force Ireland, and [more](#).

In arriving at an 86 per cent overall score, ERS scored high in various measures, including Diversity and Inclusion, Work Environment and Process, Empowerment and Accountability, Wellbeing and Teamwork.

Using the global standard Best Workplaces™ methodology as its basis, this recognition serves as a key differentiator to highlight these organizations as employers of choice in an increasingly competitive talent market.

Learn more about ERS as a Best Workplace in Tech™ on the [Great Places to Work Ireland website](#), and visit [ersl.ie/careers](#) to start your career at a certified Great Place to Work™.
